Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Highway Access and Parking- Overdevelopment- Privacy Light and Noise
Comments:	<p>I object to this. The wildlife will be destroyed. My generation wants to preserve green spaces and look after nature. There are so many protected species, like bats [REDACTED]. How are you allowing this proposal to even be considered? What will there be left for people like me to pass down to my kids if you destroy precious spaces for four luxury homes? There is a floodplain below; the wildlife has nowhere to go when it gets wet in the winter if you take away the land on the high ground and build on it.</p> <p>[REDACTED] I like to cycle to the local shops. If you develop the land, there will be more trucks and big lorries, which will make the roads more dangerous. I know people need homes, but no one needs four luxury homes. There are enough of those around. Once you destroy nature, you can't bring it back to life. Our generation is already stuck with loads of bad decisions made by your generation. please dont add this to the list.</p>

Kind regards
