Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Highway Access and Parking- Loss of General Amenity- Overdevelopment
Comments:	Access problems to this site begin at the High Street which itself is extremely difficult to navigate. Whether then using Hyde Lane, Hyde Street or Church Lane, the problem worsens with only single lanes available to traffic with no passing places and few pavements for pedestrians. Further traffic will exacerbate the existing difficulties.

No further pressure on local schools or surgery can be absorbed.

The relentless destruction of the local natural environment must not be tolerated.

The construction process will cause immense harm to the local community and wildlife.

I believe this site was excluded from The Neighbourhood Plan.

Kind regards
