Good day,

As a former Chairman of Stanford Orchard Residents Association, and as a resident of the estate for over ten years, I write to record my support for the application to convert the present garage into the estate manager's office, (your reference DC/25/1950).

Undoubtedly this will be a vast improvement to the benefit of all residents inasmuch as the manager will be more visible and contactable and, of equal importance, will be more in touch with what is happening on the estate.

The former arrangement, with the first floor office effectively remote from the estate, has never been satisfactory, and, in my experience, has been a source of annoyance and contention for many years.

Yours sincerely
