Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

- Design
- Loss of General Amenity
- Other
- Trees and Landscaping

Comments: I wholeheartedly object to the proposals, this so not appropriate use of the land and I would urge the planning department to consider this carefully. Aside of the obvious access concerns this proposal sits outside agreed settlement boundaries and is of direct Incursion into the Countryside.
There is little or no infrastructure such as drainage and electrical

connectivity, no pavements .
Additionally Severe Impact on Highways with unsuitable and very dangerous potential a ces ways. This is an ill considered proposal in a location that is fundamentally unsuitable .

Kind regards
