

This floor plan shows a symmetrical four-bedroom house. A central hallway provides access to all rooms. On the left side, there is a staircase, a study (St.), a bedroom (Bed 3), a bedroom (Bed 2), a bathroom (Bath), and a bedroom (Bed 1). The right side mirrors this layout with a staircase, a study (St.), a bedroom (Bed 3), a bedroom (Bed 2), a bathroom (Bath), and a bedroom (Bed 1). Each bedroom contains a bed and a wardrobe. The bathrooms each feature a bathtub, toilet, and sink. The central hallway includes four doors leading to the bedrooms and two doors leading to the bathrooms.

The floor plan illustrates a symmetrical two-story building layout. A central vertical corridor, labeled 'St.' (Staircase), divides the building into two identical halves. Each half contains a Living room with a sofa and armchair, a Dining area with a table and chairs, a Kitchen with a sink and stove, a W.C. (Water Closet), and a Utility room. The overall dimensions are 10136 (width) and 10003 (depth). The plan is oriented with 'ELEV. A' on the right and 'ELEV. B' on the left.

Architectural elevation drawing of a two-story house. The drawing shows a front facade with a gabled roof. The house features a central entrance door and two side doors, each with a small gabled pediment. There are four windows on the second floor and two on the first floor. A vertical dimension line on the left indicates a total height of 8038 and a lower section height of 4830.

A line drawing of a house with a gabled roof. The roof is covered in horizontal lines. A chimney is located on the left side of the house. A small window is centered on the front wall. The house is shown from a side-on perspective.

This architectural elevation drawing shows a symmetrical two-story house. The roof is a gable with horizontal siding. The second floor features four square, multi-paned windows. The first floor has two large double doors with transoms, each flanked by a small, narrow vertical window. The entire facade is finished with horizontal siding.
