

Architectural elevation drawing of a two-story house. The drawing includes height dimensions: 8410 for the total height and 4800 for the height to the roofline. The house features a gabled roof, a central entrance with a small porch, and a side entrance.

This architectural elevation drawing shows a two-story house with a steep gabled roof. The exterior walls are finished with horizontal siding. The second story features two square windows, each divided into four smaller panes. The first story has a central entrance with a small, flat-roofed porch supported by two square columns. To the left of the porch, there is a small, square, single-story addition. The drawing is a black and white line art illustration.

The floor plan for the second floor features three bedrooms (Bed 1, Bed 2, and Bed 3) and a bathroom. A central staircase provides access to the upper and lower levels. Bed 1 is located in the bottom right, Bed 2 in the bottom left, and Bed 3 in the top right. The bathroom is situated in the top left corner. The central staircase is flanked by two closets (St.).

This is a detailed architectural elevation drawing of a two-story house. The house features a steep gabled roof with a wide overhang. The exterior walls are finished with horizontal siding. On the left side of the facade, there are two rectangular windows, one above the other, each with a decorative lintel. To the right of these windows is a double door with a transom window above it, also featuring a decorative lintel. On the right side of the house, there is a small, square, gabled structure, possibly a chimney or a small porch, with a decorative cornice. The drawing is a black and white line art illustration.
