OBJECTION TO DC/25/1312 WEST OF IFIELD

The west of Ifield development will cause gridlocking on already congested roads in Langley Green .

Rat running through ,Stagelands, Rushetts Road, Juniper Road,Stafford Road,Langley Drive and Martyrs Avenue.

Already LANGLEY DRIVE causes problems with bus timetables and refuse collection due to the need for residents to park on this .

Leacroft Medical practice is also located on this road and I presume the new residents of the WEST OF IFIELD will need to use this surgery as a new will not be built for years if ever.

This Doctors surgery is already full.
