Comments:	I think it would be incredibly sad to see this play area taken down. At a time when we are trying to encourage children to have a healthy life style, with lots of outside play and fresh air, removing this for as I can see, no apparent reason is shocking. This is a well made and safe area to play in, and should not effect the neighborhood, as noise is always kept to a minimal. The back garden of this property has always been used for play, sports, picnics, gardening etc, which is a lovely thing for family life. And this does not effect the neighbors, as it does not overlook

their property. Please take my comments into consideration regarding this application.

Kind regards
