Comments: Dear Sir or Madam --  
We are residents of 4 Brook Terrace Talbot Lane, the property adjacent to the above referenced site and have been alerted as concerned parties to the impending revision. My husband, [REDACTED] and I are in agreement with the findings of the cited professionals and are in general support of the change of use as proposed.  
The change codifies how this segment of Horsham has evolved in recent years and will bring official recognition to what we as residents already know -- that this area is principally residential and should be regarded as such.  
That would include notices -- as they have been located elsewhere -- posted to alert transient foot traffic, traveling to and fro from their pubs and such to their vehicles to "Be respectful of our neighbors and behave with as little disruption as possible".  
Our only concern with any proposed construction is to ensure that it is done well and quickly, with as little noise, debris and congestion as can be managed.  
Should you have any questions we can be reached as noted above.

Kind regards,  
[REDACTED]
