| Reasons for comment: | - Highway Access and Parking |
| Comments: | The access is on a sharp corner where there have been collisions and several near misses. One appears on the West Sussex police accident map. Many of us 'locals' are well aware of having near misses at this point normally because of cars/vans coming from the A29 at speed and cutting the corner in question. The road ideally needs to be widened at this point, not have a significant point of access added. |

Kind regards
