Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	I love the gardens that are right on my doorstep, and think that all the improvements being done here have and will make the gardens even better to visit, not forgetting all the extra employment created for the local community and to help keep the gardens open to the public. Not only is this good for the locals but also far and wide with all the extras in the garden who visit for the history of Leonardslee and to see the magnificent trees.

Kind regards
