Comments:	<p>The LBPC made the following comments:</p> <p>In principal the changes proposed to the visitor entrance and other ancillary buildings were supported however the PC voiced their concerns on the proposals to increase the accommodation on site and the scheme to increase onsite weddings. This will bring more noise and light pollution and will affect the local residents. In a recent meeting the residents were informed that there would be no further weddings to be held on site. Therefore the PC voted against this planning application unless there were severe restrictions placed on the wedding venue. i.e timing / noise and light.</p> <hr/>

Kind regards
