Reasons for comment:	
Comments:	We moved to Ashington because of its village status in a rural setting and to be away from the housing developments springing up everywhere. More housing will only result in an increase in road traffic and have an impact on the environment. The present infrastructure will be strained if indeed it will be able to cope with additional houses. To summarise, more houses and development will only detract in a number of ways from the character and ecology of the village.

Kind regards
