Thank you for the opportunity to comment on the above numbered planning application. This proposal has been considered by means of a desktop study, using the information and plans submitted with this application, in conjunction with other available WSCC map information. In respect to the above planning application, I would provide the following comments.

I understand this application to be for the demolition of existing buildings. Erection of four barn style detached dwellings with associated garages utilising existing access together with landscaping. Having reviewed the available online documentation, it appears that Public Footpath 2807 runs within the red line boundary, along the western side of the proposed demolition and development site. However, there is no reference within the Design and Access Statement as to how this public right of way will be accommodated, protected, or integrated within the proposed development.

Therefore, further information is required to clarify how Public Footpath 2807 will be accommodated, protected, and maintained during and following the proposed development.
