Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Trees and Landscaping
Comments:	Thank you for your letter of 27th August and we note that there is an amendment to the plan. There is no key on the plan so please explain the thick red line running from the site to the eastern boundary of the field shown edged blue. However our original objections as set out in our letter of 27th January 2026, still remain the same. This development would seriously affect the wildlife in the field and surrounding areas. The access through the village and through Church Lane/Church Walk is far too narrow, particularly during the construction stages. The roads would be dangerous for other vehicles and particularly pedestrians. We trust that this application will be refused Yours faithfully [Redacted Signature]

Kind regards
