Close boarded fence to be removed and replaced with post and two rail fencing, in line with other properties in the road. The fence is to be placed on the front boundary with Fagus Sylvatica (Beech) hedging planted within the boundary.
The plants are to be planted in this planting season (before the end of March). Each plant will be 1.2 metres in height and will be planted at a density of 6 plants per metre in a staggered double row. Due to the size of plants, they will be trench planted to give the best chance to the roots.
