Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	I have already submitted one form objecting to the planned housing development. Having read other comments and consultation letters, I would like to add my thoughts as to the access to and from the proposed development. As there is a recommendation for "traffic signal access", can I make the suggestion that the entrances to Old Horsham Road and Earles Meadow are realigned to enable the creation of a cross road with one set of traffic lights controlling vehicle access to both roads. Whilst I still object to the development, I do understand that the

development is likely to be approved locally if not by our Central Government, my suggestion would however resolve my objection as to leaving and entering Earles Meadow.

Kind regards
