Categories: Consultations

The Highway Authority has reviewed the submitted application and associated plans.

The proposal comprises extensions to an existing dwelling. The submitted drawings indicate that there are no alterations proposed to the existing vehicular access onto the public highway, no changes to the existing parking provision and no change of use of the site.

Given the nature of the proposal, it is not anticipated that it would result in a material increase in vehicle trips or have any adverse impact on the operation or safety of the local highway network.

Accordingly, the Highway Authority raises **no objection** to the proposal.

Kind Regards,
Emma
