Dear Halima,

Please see below photos that we have on file.

In terms of photos of neighbouring properties front, side and rear we would not be able to provide these given they are outside of the applicants ownership and are private properties.

The new windows installed on the extension (Elevation 4) will be on the roadside and rear garden for the replacement window on (Elevation 3) is just a replacement. The windows proposed on (Elevation 2) are merely replacements.

The majority of the extension is ground level and will therefore not looking out onto any neighbouring properties.

I trust this assists, any questions do please let me know.

Kind regards

Charlotte
