Reasons for comment:

Comments:	I would like to express my support for this application. As manager of the Steyning Cricket Club Under-12 team, I have seen first-hand what the club means to local children and their families. Our junior section brings together young players not only from Steyning, but also from Bramber and Upper Beeding, and the numbers taking part continue to grow each year.
-----------	---

The cricket club provides much more than sport. It gives children an opportunity to spend time outdoors, learn teamwork, build confidence and develop friendships across the local area. It is also a place where parents, volunteers and residents come together, helping to strengthen the sense of community within the town.

The proposed clubhouse will help secure the future of the club and provide facilities that are fit for the next generation of players. It will support the continued growth of junior cricket and ensure that Steyning remains an attractive place for families to live and become involved in community life.

I believe this development will be a real asset to Steyning and the surrounding villages for many years to come, and I respectfully ask that the application is approved.

Kind regards
