Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment - Privacy Light and Noise
Comments:	This proposal was originally for single story bungalows and has now changed to include 7 houses. This would cut down any views towards the common and increase the amount of traffic in a very small entrance to the site. Due to the constricted entrance builders lorries etc would cause problems around the restricted entrance which would cause

problems for the members of the bowls club and pedestrians using the entrance as this is a footpath and used greatly by dog walkers.

If permission for houses is given this would mean more traffic as it would at least double the amount of cars together with children being taken and collected from school as apposed to the minimum traffic if bungalows were built.

Kind regards
