Stance: Customer objects to the Planning Application

Reasons for comment: - Overdevelopment

Comments: Henfield has had two new developments in the last 5 years and there are constant power cuts which never are resolved or compensated for us residents. There is also a water supply shortage so any further development is going to make existing living conditions in Henfield worse
The regular power cuts have destroyed expensive devices and we are being ignored by Uk power networks - these issues are being ignored by Horsham

Kind regards
