Description	[redacted]	[redacted]	[redacted]	[redacted]
Oak Trees - Sectional removal of one large Oak showing signs of base decay within garden to ground level. Sectional dismantle two leaning trees to ground level. Sectional reduction of one large Oak tree by 3 metres.	[redacted]	[redacted]	[redacted]	[redacted]

I would put forward to remove two Oaks on the basis they are unbalanced.

Sectional crown reduction of one large tree by 3 metres OR to old prune points.

Removal of your tree on the basis its showing base decay and neighbours have noted its moving.
