Dear Marie,

Following the site visit I am satisfied the existing doors are items fitted when the house was converted to apartments in the mid-twentieth century. I am satisfied they are of no historic significance and the removal will not harm the special interest of the listed building. The replacement doors are an acceptable alteration. I have suggested a condition below.

Regards,
Seán

LB07 Submission of Details

Pre-Commencement Condition: No relevant works shall commence until the following details have been submitted to and approved in writing by the Local Planning Authority. The works must not be executed other than in complete accordance with these approved details:

Manufacturer's images fully describing replacement doors.

These must show:

- materials
- decorative/protective finish
- moulding and decoration profiles

Reason: As this matter is fundamental to ensure that the significance of the designated heritage asset, and the character, appearance and integrity of the building, is not prejudiced, thereby preserving the special architectural or historic interest which it possesses, and to comply with Policy 34 of the Horsham District Planning Framework (2015).
