Customer Details

Address: Trinity Cottage Henfield common North Henfield

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I am concerned about the close vicinity of dwelling 9 to Trinity Cottage as this does not ensure sufficient separation from my property. It looks like it has been squeezed in. The proposed fence and hedge will also affect the light in my property. I will therefore be having a loss of light and privacy with the whole development and in particular dwelling 9.

I am also concerned about the loss of 2 very old oak trees that are likely to be damaged by the development.
Lastly, the neighbourhood plan stated bungalows and these properties all have a second storey with windows at this level. They will therefore further reduce lighting to existing properties.
Overall, I object to the development for the reasons stated above.

Kind regards
