Note to Applicant
Biodiversity Net Gain Condition
Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 states that planning permission is deemed to have been granted subject to the "biodiversity gain condition" which means development granted by this notice must not begin unless:

(a) a Biodiversity Gain Plan has been submitted to the planning authority, and
(b) the planning authority has approved the plan.

Under Regulation 4 of The Environment Act 2021 (Commencement No. 8 and Transitional Provisions) Regulations 2024 the statutory biodiversity gain condition does not apply in relation a section 73 planning permission where:

(a) the original planning permission (a planning permission which is the first in a sequence of two or more planning permissions, where the second and any subsequent planning permissions are section 73 planning permissions) to which the section 73 planning permission relates was granted before 12th February 2024; or
(b) the application for the original planning permission to which the section 73 planning permission relates was made before 12th February 2024.

Based on the information on the date of the original planning permission to which this section 73 planning permission relates, the Planning Authority considers that biodiversity net gain does not apply.

Statutory exemptions and transitional arrangements
There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at https://www.gov.uk/guidance/biodiversity-net-gain.

Irreplaceable habitat
If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

Note to Applicant:
Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

ADDITIONAL INFORMATION

Planning Permission – Important Provisos
If planning permission has been granted, please note that your Notice of Decision refers only to consideration of your proposal under the Town and Country Planning Acts. It is not a building regulations approval and does not mean that you can disregard other Acts of Regulations, or avoid any other legal obligations. Some of these obligations, of particular relevance to your proposal are referred to elsewhere in this note. Before you proceed with your proposal you should ensure that a Building Control application is not required, or has been submitted. The Building Control Department can be contacted on 01403 215151.

If this permission relates to new dwellings, commercial premises or other buildings which will require a new postal address you should contact the Council's Street Naming & Numbering Department as soon as possible or before work commences on site. Further details are available on the Street Naming page on the Council's website or alternatively e-mail streetnaming@horsham.gov.uk or telephone 01403 215139.

It is the responsibility of the developer to provide bins for the development. If you are a developer and need to purchase bins, please email hop.oast.admin@horsham.gov.uk.

It must be stressed that the information included on this Notice of Decision may not include all your legal obligations, and it does not grant you rights to carry out works on or over lands, or to access land that is not within your control or ownership.

Compliance with the Approved Plans and Conditions
The development hereby approved must be implemented in accordance with the approved plans and any conditions set out in the Notice. Some of the conditions may specify that works are to be carried out, and/or details submitted and approved before all or part of the development is started. These will appear in the 'Pre-Commencement Conditions' section of the Notice.

If works on implementing this permission is started without these requirements being fully met, the development may be unauthorised and the permission invalidated, and could lead to enforcement proceedings or in some cases to prosecution.

Amendments
Should alterations or amendments be required to the approved plans, it will be necessary to apply either under Section 96A of the Town and Country Planning Act 1990 for non-material alterations, or under Section 73 of the Act for minor material alterations. An application must be made using the standard application form and you should consult with us, to establish the correct type of application to be made.

Monitoring
Horsham District Council monitors the implementation of planning permissions. Please be aware that monitoring officers may visit the application site at various stages of the development to ensure compliance with the approved plans and conditions.

Conditions Compliance
Requests for confirmation of compliance with conditions associated with that permission should be made in writing or by using the application form 'Approval of Details Reserved by Conditions'.

A request may be for confirmation that one or more conditions imposed on the same permission have been complied with. We aim to respond within 8 weeks of receipt of the request.

Right of Appeals
If you are aggrieved by the decision to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

You must appeal within 12 weeks of the date of the decision notice for a householder application or 'minor commercial' (shop front) development, and within 6 months for other types of planning applications. There are different timescale – usually 28 days – if an enforcement notice is/has been served for the same (or very similar) land and development. Please note, only the applicant possesses the right of appeal.

Appeals can be made online at: https://www.gov.uk/planning-inspectorate. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are at https://www.gov.uk/government/collections/casework-dealt-with-by-inquiries.
