Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment
Comments:	I register my objection to the proposed development on the basis of a number of issues . The proposed development doesn't demonstrate water neutrality in a region already experiencing high demand on its water infrastructure. Digging boreholes will not ameliorate this issue . The proposal quotes the wrong water company in its text . The number of houses proposed is greater than that agreed within the neighbourhood plan . The proposed development comes under the auspices of the Horsham district local plan this is currently under review by the council and a new plan has yet to be decided on On a broader point the destruction of local wildlife habitats and ancient hedgerows is to the detriment of the local community and especially the children who currently attend a Forest School within the proposed area of development. .

Kind regards
