Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	The access down church lane is not sufficient in width to accommodate all the extra traffic this new build is going to cause. Drivers will use run through like Hillcrest Drive and The Sands causing more damage to roads that are already in a state of disrepair. The pavements are not wide enough as it is for the young children to walk safely to school this build will just intensify the risk they already take on a daily basis. I accept all villages need to have a number of new builds but not at the expensive of the current residents and infrastructure

Kind regards
