Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping

Comments:

The plan shows no regard to the issue of water management in barns green which is a persistent and on going issue and we have little faith in the water company who have consistently under estimated local issues.

The proposed development will have a highly negative impact on a small local community which provides little or no local services .
The development is totally out of character

Kind regards
