CONSERVATION AREA NOTIFICATION

ASSESSMENT SHEET

APPLICATION NO: **CA/24/0043: Yew Cottage The Street Bramber.**

REPRESENTATION AND CONSULTATION RESPONSES:
No additional representations have been received in respect of this notification.

ASSESSMENT:
It is not considered that the works to the trees in question will result in any adverse impact upon the character and amenities of the Conservation Area, due to the trees location in the rear garden of the property and its limited visibility from the south on The Street. In addition, the tree is showing signs of infection with Ash Dieback, a chronic fungal disease of ash trees in Europe characterised by leaf loss and crown dieback in infected trees.

Accordingly, it is not considered necessary or appropriate to protect the tree by a tree preservation order (TPO) to prevent its removal.

RECOMMENDATION:
No objection to notification.
