Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity
Comments:	My concerns are that if this planning application is passed that it might serve as a precedent and more land would be lost to development. This area is a 'jewel in Horsham's crown' and has been enjoyed and appreciated by many thousands of locals and visitors over many years. I am not a naturalist but I sense that the wildlife linked to this field would surely be impacted and I would imagine HDC must have a remit to protect green spaces which have such a positive affect on

the general wellbeing of the local walkers who use this beautiful landscape as a salve to daily stress.
Please consider the mental health benefits to the many over the possible negative impact this could have over the locality.

Kind regards
