Comments:	I would like to express my strong support for planning application DC/26/1211 for The Kings Head in Rudgwick. The Kings Head is an important village pub and a valued part of the local community. Village pubs are becoming increasingly difficult to sustain, and I believe it is important that we support sensible improvements that help established pubs remain commercially viable and continue serving their communities.

The enlarged decking area would provide the pub with much-needed additional outdoor space and improve the facilities available to customers. Having an attractive and practical outside area has become increasingly important to the viability of pubs, particularly during the warmer months, and this additional space will help The Kings Head attract and accommodate customers while making better use of its existing premises.

Kind regards
