Reasons for comment:	- Other
Comments:	I completely support this application. This Public House has been allowed to fall into a state of disrepair over the last 20+ years. From what I can see the new owner is investing a considerable amount of money to bring the place back to life and make it better than it was before. Pubs are shutting at an alarming rate so for this reason I can do no more than fully support the application.

Kind regards
