Reasons for comment:

Comments:

There is no business case here - The current car park has a 35% average occupancy with the busiest days (Mon - Thur) averaging 51.7%.

There is poor access - it's a single track road with no scope to widen and it floods regularly.

There would be a loss of beautiful and irreplaceable countryside

There would be a loss of amenity to local residents who use it daily for dog walks etc.

There would be increased noise, pollution, disturbance and crime for local residents.

There would be a loss of privacy for local residents.

Kind regards
