Dear Halima,

Thank you for sending this planning application through to me, the reason I have not sent a response through until now is due to the fact it is the first time I have been made aware of it.

The application is for the replacement of the existing timber cladding material on external walls and within the window units to non-combustible aluminium cladding, replacement of the rendered wall to a similar material with non-combustible insulation, and the replacement of the existing aluminium roof to a similar material with non-combustible insulation**;** providing the replacement cladding and insulation materials used comply with the British Standards requirements and meet with building control requirements for high rise buildings, West Sussex Fire & Rescue Service have no objection to this application.

Regards

Ian

Importance: High

EXTERNAL

URGENT

Dear colleagues,

DC/24/1545,
Horsham Gates, North Street, Horsham
Replacement of the existing timber cladding material on external walls and within the window units to non-combustible aluminium cladding, replacement of the rendered wall to a similar material with non-combustible insulation, and the replacement of the existing aluminium roof to a similar material with non-combustible insulation.

I refer to the above case file.

Unfortunately, I have not received your department's consultation response which was due on 18th December 2024. Please kindly forward your department's comments as soon as possible.

Kind regards

Halima Chowdhury
