Morning Halima,

Hope you had a lovely weekend.

We agree with the new project description.

To provide the images you requested, please let us know which immediate neighbouring properties' garden areas you'd like photos of.

We have attached the requested time- and date-stamped images of the structure. The files were stored on the system after the site visit, and the upload time is attached.

We are not aware of anything similar nearby. We can look into this, but we are unsure how it is relevant to the application and would appreciate guidance on why this is required, so we can provide you with sufficient information.

On reflection, the outbuilding has been in use as an ancillary residential space for several years(see the internal photo sent attached), so the proposal is not necessarily a “conversion “ in the change of use. Is this of any concern?

We look forward to hearing from you.

Best wishes,

Babatunde Ibrahim
