Customer Details

Address: 26 The Gables Wimblehurst Road Horsham

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment
Comments:	Note I previously lived as a neighbour to this proposed development and contributed a four-figure sum towards the application appeal which was upheld. I still very much care about the area and hold an allotment on the adjoining plot. This woodland at the edge of this plot has already been proved to be an SSSI and protected woodland. Quite why this application has subsequently been made affecting the same area is shocking.

All my original objections still resonate - the area is already choked with traffic at high periods, a right turn added at that junction would be severely disruptive.
In terms of the loss of habitat and brownfield, it is unconscionable but I am also fully aware that the surrounding area has already been allocated for stage 3 Mowbray development. This actually exacerbates the issue of loss of local open space. Rather than be on the edge of Horsham, this area will become the middle of it

Kind regards
