Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Highway Access and Parking

Comments: I object to the planning application in its current form. The buffer zone should remain closed to restrict access by the public. Public access is likely to encourage breaches of parking restrictions on Penn Stone Way for those members of the public seeing it as a

short cut to the PROW via the path alongside my house and neighbouring houses by jumping over the fence/locked gate. It should also be taken into account that the drainage channel and safety measures needed in the buffer zone would severely restrict the amount of potential amenity space available and is more likely to be a nuisance than a benefit to the community and not least the cost of making the space useable.

Kind regards
