Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	Horsham District have had too many developments in the area over the 15 years I have lived here, the current developments have put a massive strain on local amenities, GPs, Dental, Medical, transportation and associated congestion and pollution etc also fly tipping has increased in the area significantly because the local tips have limited operational hours so this creates extra issues. We do not need extra homes in Horsham we need extra investments in transportation to Gatwick, Crawley and three bridges as services currently don't either exist or are wholly

inadequate for such a big town and we need more leisure facilities and an A&E hospital as the closest one is a 20 mile journey away. Sort that out first

Kind regards
