

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

28/01/2026

1.2 Planning application reference number

TBC

1.3 Local planning authority (LPA)

Horsham District Council (HDC)

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

New Commercial Storage Units, New House Farm, Old
Crawley Road, Faygate, Horsham, West Sussex, RH12
4RU

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

The development proposals include the construction of four new commercial units: two for storage purposes and two for commercial use; associated landscaping; parking area and the creation of a new site access point along the southern development boundary.

2. Developer details

2.1 Applicant name

Robert Walton

2.2 Company name

N/A

2.3 Address

Robert Walton to complete Orchard house, Old Crawley road, Horsham, RH12 4RU

2.4 Email address

Robert Walton to complete

2.5 Telephone number

Robert Walton to complete

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

Robert Walton to complete

2.8 Date

Robert Walton to complete 30.01.2026.

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Alice Motola

3.2 Company name

Arun Ecology Ltd

3.3 Address

Russets, Hayes Lane, Slinfold, West Sussex, RH14 9ZT

3.4 Email address

enquiries@arunecology.com

3.5 Telephone number

Not available

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

3.8 Date

28/01/2026

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

- ☒ Yes?
☐ No

4.2 If no, what earlier date did you agree with the LPA?

N/A

4.3 How have you met the guidance on 'what counts towards your BNG'?

[Find out what you can count towards a development's BNG](#)

The guidance on what counts towards BNG has been met for this scheme. The scheme will use on-site habitat retention and on-site habitat creation to achieve the mandatory minimum 10% biodiversity net gain requirement for Horsham District Council.

The BNG will not be delivered through any other schemes.

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you've taken on site, including to avoid or minimise the impact on irreplaceable habitats.

A Preliminary Ecological Appraisal comprised of a desk study and UK Habitat Classification Survey was completed to identify any adverse ecological impacts and enhancement opportunities within the development boundary as a result of the development.

No irreplaceable habitats were recorded within the development boundary or will be adversely impacted as part of the development.

The BNG hierarchy principles of avoiding habitat loss, enhancing baseline habitat or compensating through the creation of new on-site habitat has been applied to the design of the development.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

- ☒ Yes
☐ No

4.6 How will you achieve the target net gain percentage?

- ☒ On-site
☐ Off-site
☐ Both

4.7 Are any of your on-site enhancements considered 'significant'?

[Find out what counts as a significant on-site enhancement.](#)

- ☐ Yes
☒ No

4.8 If yes, tell us about the significant on-site enhancements

Include the appropriate planning condition or how you've secured the habitat.

The on-site enhancements include the creation of species-rich native hedgerow habitat and the planting of eleven individual rural trees. Both species-rich native hedgerow and individual trees are medium distinctiveness habitats which typically count as significant enhancements. However, no habitats of High or Very High Distinctiveness are proposed to be created or enhanced. The resulting on-site net gain equates to +0.08 habitat units and +0.24 hedgerow units. In accordance with HDC's guidance, these gains are not considered 'significant' and fall below the 0.5-unit threshold for securing biodiversity net gain through a Section 106 agreement. The on-site enhancements can therefore be appropriately secured via a planning condition.

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

N/A

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

N/A

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

N/A

4.12 Do you have a habitat management and monitoring plan?

- ☒ Yes
☐ No

4.13 Have you used the statutory biodiversity metric tool?

- ☒ Yes
☐ No

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name.

C-NJA-061_BNG_Metric

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

C-NJA-061_BNG_Condition Assessment

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

C-NJA-061_BNG_Baseline Habitat Plan

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

C-NJA-061_Proposed Habitat Plan

C-NJA-061-005-001_BNG_HMMP

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

☐ Yes

☒ No

Consenting body

N/A

Reference number

N/A

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

☐ Yes

☒ No

5.2 Have you submitted an approved compensation plan?

☐ Yes

☒ No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

08/07/2025

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

No survey constraints were recorded.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.66

Number of hedgerow biodiversity units

1.87

Number of watercourse biodiversity units

0.00

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.74

Number of hedgerow biodiversity units

2.11

Number of watercourse biodiversity units

0.00

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

Watercourse biodiversity units

0.00

Watercourse biodiversity units % change

0.00

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

☐ Yes

☒ No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

N/A

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

N/A

7.2 Biodiversity gain site register reference number

N/A

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

N/A

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

N/A

Number of hedgerow biodiversity units

N/A

Number of watercourse biodiversity units

N/A
