Please see attached map showing the location of the cherry tree. The black square [REDACTED] indicates the flower bed which resides at the front [REDACTED], in between [REDACTED] front lawn and private parking bay. The black circle within the flower bed indicates the cherry tree. Additionally please see attached photos showing the tree, alongside 2 photos showing the condition of the tree which our tree surgeon has advised shows signs that the tree is dying and he anticipates only has a few years of life remaining and will soon start shedding the dead branches.
