Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	██████████'a ██████████ pupil in Heron Way Primary School. I was born here and I've grown up here too. I really love the nature here. Every year I watch all the birds having their babies and living happily, and I go on walks with my family along the River Arun, and Hammerpond Road. Our home used to have all sorts of animals coming by - frogs, peacocks, deer, foxes, badgers and lots more. But lately they've all disappeared! There are just so many cars rushing through Hammerpond Road and Doomstay Lane every single day. There have already been several accidents, and even my neighbour's dearing cat was run over and killed. It's really, really sad. I can't stop thinking about what will happen if houses get built on this green land. Will our River Arun still be here the same way it is now? Will the rugby pitch where my classmates and my

sister play football and rugby be affected too? Will there have to be traffic lights built right outside my home? It just makes me feel so so sad.

██████████ I also love looking at the stars with our dad through a telescope. But these past two years it hasn't been as easy as before. My dad says it's because of the air pollution and light pollution. If all these houses get built, will we end up not being able to see anything in the sky at all?

I feel like in the past few years our lives have become far too crowded, with so much mess and chaos that just doesn't belong here.

Kind regards
