Subject: DC/25/1119 - Planning Committee Hearing

Dear Sir/Madam

Horsham Denne Neighbourhood Council has seen the committee report on the website and we note the HDNC response is listed under 3.7 as an objection.
We did receive answers to our queries on 17/9/25 which were satisfactory but these are not showing on the planning portal. Our remaining query is regarding the turning space for vehicles: We note the objection from freeholders and tenants and query if the loss of usable space is significant? Will vehicles still be able to manoeuvre, and has a 'swept path' analysis been carried out?

Please make the planning committee members aware of this and acknowledge.

Regards

Sara Doy

Clerk to Horsham Denne Neighbourhood Council
