

DC/26/1211 & 1210 The Kings Head Church Street Rudgwick

Dear Marie,

The King's Head is an important building and an important asset in the village. It has been empty for some time which did put it at risk. I fully support the proposed improvements and alterations to ensure it can return to a viable business. The extended outdoor seating terrace has been negotiated with the church and I am satisfied it will not harm the setting of Holy Trinity Church. I am content no detailed conditions are required in this case.

Regards,

Seán
