Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	This housing development will have a severe impact on the infrastructure of the village - namely the sewage and drainage. The village already suffers from flooding and taking away a natural resource that helps negate that flooding will increase the risk of floods to properties. This will have not only a financial

impact on some residents but the loss of amenities as this will greatly impact the local shop.

Kind regards
