Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise
Comments:	This is a very narrow rural lane where only one car can get passed at a time. During busy times, school time for example the far end of the lane getting to the high street results in a massive traffic jam with cars queuing for a very long time. On our end of the lane it is not lit up at night making it very unsafe if you're walking (there is no pavement) or cycling.

Our local primary school is already over subscribed and our local health centre is already not coping with the number of patients.

Kind regards
