Comments:	I am writing on behalf of the Horsham Society to object strongly to this application. We are not concerned about the proposed free standing ground level sign. However it would in our view be wholly inappropriate to permit advertising on the front and above ground floor level on such a prominent listed building within the London Road Conservation Area. Furthermore, the proposed advertising, by bridging the ground and first floor elevation, damages the symmetry and appearance of this important building. The Council's London Road Conservation Appraisal and Management Plan states that "all development affecting the setting of the London Road conservation area should demonstrate how the setting and long distance views, into and from the conservation area, are preserved and enhanced". This advertising sign fails that test.

Kind regards
