Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Privacy Light and Noise - Trees and Landscaping
Comments:	We are happy for the dilapidated barn to be rebuilt. We are only concerned about the amount of noise to replace it and the effects of the asbestos being disposed of safely. We are aslo concerned that no trees or shrubs are removed which act as a screen between our property and the barn. The barn is directly visible as your turn into our drive and we would like the screening between ourselves and the new barn to remain in place and not to be removed.

Kind regards
