Customer Details

Address: 5 Montpelier Gardens Washington Pulborough

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment - Privacy Light and Noise
Comments:	Parking issues already exist in this road and neighbouring roads there is not enough parking for the dwellings that are already here, driveways on properties does not stop parking issues it just adds to an already severe issue. This area is overdeveloped with all the other applications that have been made over the last few

years, it will not be in keeping with the other properties in this road and the local amenities can not cope with the properties that already exist like the schools, doctors, etc so I strongly object to this application

Kind regards
