Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	An area of beauty for wildlife and locals, considered to be an area of tranquility and also considered an area of considerable value. The existing local traffic routes are often condensed and overloaded with drivers often suffering accordingly. The addition

of the new build will put considerable strain and risk to all users on the existing system.

I I definitely believe the proposal is not wanted or required for Horsham as it does have existing additional housing in many areas.

Kind regards
